Exhibit A

**RESOLUTIONS OF THE OF THE MANAGERS OF  
GARLOCK SEALING TECHNOLOGIES LLC**

WHEREAS, Garlock Sealing Technologies LLC, a North Carolina limited liability company (the “Company”), is overwhelmed by the financial and institutional costs of defending and resolving tens of thousands of asbestos claims in state and federal courts across the country, which costs, if permitted to follow the current course, threaten the financial stability of the Company;

WHEREAS, the Company’s Managers have examined and explored, with the help of its management and professional advisors, a number of potential options to address the above-mentioned issues, and has concluded that a bankruptcy proceeding as described in these Resolutions, intended to establish a trust that would resolve all current and future asbestos claims under Section 524(g) of the U.S. Bankruptcy Code, currently provides the best alternative for the Company, its creditors, member and other interested parties by providing a single forum that offers an efficient and fair means of determining and satisfying the Company’s alleged responsibility for the mass of asbestos personal injury claims pending against it and expected to be filed in the future;

WHEREAS, in its consideration of such alternative, the Managers have sought and relied upon reports, statements and other information prepared by officers and employees of the Company believed to be competent with respect to such matters and upon reports, statements and other information of legal counsel and other experts with respect to matters within their professional or expert competence;

WHEREAS, the Managers believe that, in light of all available alternatives to address pending and future asbestos claims against the Company and with an awareness of the potential ramifications, risks and uncertainties of pursuing such alternative and of not pursuing such alternative, the effectuation of such alternative by the Company is in the best interests of the Company, its creditors, member and other interested parties; and

WHEREAS, the Company’s goal in its bankruptcy case is to pay all creditors, asbestos and non-asbestos, the full amount of their allowed claims, and the Company is confident it can achieve this goal if permitted to continue to operate in the ordinary course of the Company’s business; it is therefore

RESOLVED that, in the business judgment of the Managers of the Company, due to the circumstances affecting the Company as described in the foregoing clauses of these Resolutions, it is desirable and in the best interests of the Company, its creditors, member and other interested parties that a petition should be filed by the Company seeking relief under the provisions of Chapter 11 of the Bankruptcy Code (the "Chapter 11 Case"), and the filing of such petition is authorized hereby; and it is further

RESOLVED that Dale Herold, as President of the Company, Donald Pomeroy, as Vice-President of the Company, or any other duly appointed officer of the Company (each, an "Authorized Officer" and together, the "Authorized Officers"), is hereby authorized, empowered and directed on behalf of the Company, to execute, deliver and verify a petition in the name of the Company under Chapter 11 of the Bankruptcy Code and to cause the same to be filed in the United States Bankruptcy Court for the Western District of North Carolina ("Bankruptcy Court") in such form and at such time as the Authorized Officer executing said petition on behalf of the Company shall determine appropriate, and the execution and delivery thereof by such Authorized Officer shall be conclusive evidence of such officer's determination and the Managers' approval thereof; and it is further
